PRACTICALITY

Doors	5
Seats	5

DESCRIPTION

With an MOT valid until July 2026 and a full service history, this 2013 Hyundai i30 CRDi Active presents a compelling proposition for a used car buyer. This 1.6 litre diesel model has covered a modest 71,489 miles, a low figure for its age, and has been cared for by only two previous owners. A clear vehicle history check further assures peace of mind. Inside, you'll find practical features such as air conditioning to keep you comfortable, rear parking sensors to aid manoeuvring, and Bluetooth connectivity with voice recognition for seamless handsfree calls and music streaming.

This Hyundai i30 stands out from others on the market due to its excellent provenance and thoughtful features. The low mileage and long MOT are significant advantages, suggesting less wear and tear and fewer immediate expenses. Furthermore, its position in a low insurance group means lower running costs, making it an economical choice. The generous boot space offers practicality for shopping trips or luggage, while the overall condition, backed by a full service history and only two owners, indicates a well maintained vehicle that is ready for its next chapter.
