DESCRIPTION

This 2014 Mazda6 SKYACTIV-D SE-L presents a compelling proposition with its remarkably low mileage of just 83,760 miles, especially for a vehicle of its age, and having had only two owners. This well maintained example features a responsive 2.2 litre diesel engine, meeting the Euro 6 emissions standard. Inside, you'll find a comfortable and convenient cabin equipped with dual zone climate control for personalised comfort, and an integrated Bluetooth system for seamless connectivity on the go.

Further enhancing your driving experience are the dusk sensing automatic headlights, which illuminate the road ahead when needed, and front and rear parking sensors to assist with manoeuvring. The low insurance group rating for this Mazda6 indicates that running costs are likely to be more affordable compared to similar vehicles, making it an even more attractive choice for many drivers. This combination of thoughtful features and excellent provenance makes this Mazda6 a standout option.
