DESCRIPTION

This 2015 Mitsubishi Outlander GX3h offers a rare find for its age, having covered a very low mileage of just 63,527 miles. This plug-in hybrid SUV combines a 2.0-litre petrol engine with a four-wheel drive system, providing a versatile driving experience. The GX3h trim comes well-equipped with practical technology, including a Bluetooth hands-free telephone kit for safer communication on the move and rear parking sensors to assist with manoeuvring in tight spaces. Comfort is managed by dual-zone climate control, while convenience is enhanced by keyless entry and automatic headlights that activate based on light levels.

Choosing this specific model provides a blend of efficiency and utility that stands out in the used vehicle market. The combination of the plug-in hybrid powertrain and four-wheel drive capability makes it a capable choice for various driving conditions, offering flexibility that many standard petrol or diesel vehicles cannot match. With its low mileage and thoughtful inclusion of modern driver aids, this Outlander represents a practical and well-maintained option for those seeking a reliable family vehicle.
