DESCRIPTION

Boasting exceptionally low mileage for its age, this 2017 Nissan Juke DIG T N Connecta presents a compelling proposition. With only two previous owners and a full service history, this Euro 6 compliant 1.2 litre petrol model has been well cared for, evidenced by its clear vehicle history check and an MOT valid until January 2027. Inside, you'll find convenient features such as Bluetooth integration for seamless phone connectivity, automatic climate control with a pollen filter to keep the cabin comfortable, and keyless entry with a push button start via the intelligent key. Manoeuvring is made easier with a colour reversing camera.

This Nissan Juke stands out with its impressive fuel economy, achieving up to 50 miles per gallon, and its low CO2 emissions, indicating a more environmentally conscious choice compared to many similar vehicles. Furthermore, its placement in a low insurance group suggests that running costs will be kept to a minimum. The very low mileage of just 35,410 miles also highlights its superior condition and potential for many more miles of enjoyable driving.
