Seats	5

DESCRIPTION

This 2014 Nissan Qashqai dCi Tekna is a standout example, having been cherished by just one owner from new and boasting remarkably low mileage for its age at only 74,574 miles. As a Tekna trim, this 1.6 litre diesel model comes equipped with a host of desirable features designed for comfort and convenience. You'll find heated front seats for those chilly mornings, a rear view camera and rear parking sensors to make manoeuvring effortless, and dual zone climate control to ensure everyone stays comfortable. The intelligent key system allows for keyless entry, adding a touch of modern ease to your daily drive.

This Qashqai offers significant advantages over similar vehicles, making it a wise choice. Its impressive fuel economy of 61 miles per gallon means fewer trips to the petrol station and lower running costs. Furthermore, its low CO2 emissions contribute to a reduced environmental impact, and it sits within a low insurance group, which can help to keep your annual insurance premiums down.
