## DESCRIPTION

This 2013 Peugeot 208 VTi Active presents an exceptional opportunity with its remarkably low mileage of just 40,195 miles, especially for a vehicle of its age. This 1.4 litre petrol model boasts a clear vehicle history check and an MOT valid until January 2027, offering peace of mind for its next owner. Inside, you'll find a Head Up Instrument Panel with a Head Up Display, providing key information at a glance, alongside manual air conditioning for comfortable journeys and Bluetooth connectivity for seamless audio streaming and hands free calls.

The Active trim level ensures a well equipped driving experience, and this particular 208 stands out due to its low insurance group, making it an economical choice for many drivers. The combination of its modest mileage, long MOT, and desirable features like the Head Up Display and Bluetooth connectivity suggest a well cared for vehicle that offers excellent value compared to other similar models on the market.
