PRACTICALITY					
Doors	5				
Seats	7				

## DESCRIPTION

This 2014 Renault Grand Scenic dCi Dynamique TomTom presents a rare find with its exceptionally low mileage of just 61,466 miles and a single owner from new. This 7 seater family car is powered by an efficient 1.5 litre diesel engine and boasts the Dynamique TomTom trim. It comes equipped with a desirable Bose+ Pack, featuring rear parking sensors and a premium branded sound system, alongside a Technology Pack that adds front parking sensors, a rear camera, and further rear parking assistance. The electric panoramic sunroof with a sunblind offers an open and airy cabin experience, complemented by Bi-Xenon headlights for enhanced visibility and automatic dual zone climate control for passenger comfort.

The highlights of this Grand Scenic demonstrate its superior specification compared to other vehicles in its class. The inclusion of both front and rear parking sensors, coupled with a rear camera, makes manoeuvring in tight spaces significantly easier. The Bose+ Pack elevates the audio experience, while the panoramic sunroof adds a touch of luxury and openness. These carefully selected features, combined with the vehicle's excellent provenance, make this Renault Grand Scenic a compelling choice for those seeking a well maintained and highly equipped family vehicle.
