DESCRIPTION

This 2010 SEAT Altea TDI SE offers a practical solution for those seeking a reliable and well-maintained family vehicle. As a 1.6L diesel model, this SE trim variant combines efficient performance with a comfortable interior designed for daily use. The cabin is equipped with dual zone climate control, allowing both the driver and passengers to set their preferred temperature settings independently for a more pleasant journey.

This vehicle stands out for its economical nature, achieving an impressive 63 mpg, which helps to reduce running costs significantly. It is also an appealing choice for budget-conscious drivers due to its low insurance group rating and low CO2 emissions, making it a cost-effective option compared to many other cars in its class. Furthermore, the Altea provides a large boot space, offering plenty of room for luggage, shopping, or equipment, ensuring that practicality is never compromised.
